*Office Memorandum* • UNITED STATES GOVERNMENT

TO : Director of Administration, DPS/DCI

DATE: 24 June 1958

FROM : SA/PD/DCI

SUBJECT: CHAL-0188

25X1A This has been overtaken by events. I gather that [REDACTED] is  
25X1A visiting Del Rio to determine whether we should request changes in  
25X1C their training course and I have asked [REDACTED] to consider  
whether we might want to complete the training of the [REDACTED]  
at Edwards after they have finished their ground school, transitions  
and several cross-country flights at Del Rio. We should reconsider  
25X1A the matter when [REDACTED] returns and decide then whether to make  
any change in the present arrangements or let them stand.
